

How to Use Your San Juan College Pumpkin Stencils 🎃

- **Print** the stencil at the size you want.
- **Prepare** your pumpkin by cutting an opening and removing the seeds and pulp.
- **Attach** the stencil securely to the pumpkin with tape.
- **Trace** the design by poking small holes along the edges of all the black areas.
- **Remove** the paper stencil.
- **Cut out all BLACK areas.** Leave all WHITE areas intact.
- **Add a light** inside your pumpkin and watch your San Juan College design glow!

Tip: Start with the smallest details first, then work your way to the larger sections.
